YOUNGSTERS WILL LOVE THESE TV ANNUALS

Keep them happy for hours with the new TV ANNUALS. Packed with fun and adventures, and starring their favourite TV characters. Make a wonderful gift—they'll love them.

TV Comic — full of games, puzzles and colourful picture stories about their favourite TV characters.

TV Crimebusters — thrilling adventure stories in text and pictures featuring the cases of famous TV detectives.

TV Land — for the very young! More games, puzzles and simple picture stories the toddlers will love. Every page in colour.

AT YOUR NEWSAGENT AND BOOKSHOP NOW! 8/6d. EACH

OPEN FIRE CENTRAL HEATING *out of the housekeeping*

To enjoy open fire central heating out of the housekeeping, all you need is a modern open fire with a high-output back boiler. From this you can get...

1. The cheerful warmth of an open fire in your living room.
2. One, two, three radiators, wherever you want them. In the hall. Or the dining room. Or upstairs in the bedroom.
3. Really hot water at the turn of a tap. And a hot towel rail in the bathroom.

HOW MUCH?

Take, as an example, a £160 installation of three radiators, one towel rail and a modern open fire with high-output back boiler, plus pump and fittings. The sum in the panel below shows what it costs both to buy and run this installation compared with higgledy-piggledy heating. THE DIFFERENCE IS ONLY ABOUT 7/- A WEEK EXTRA!

| FUEL COSTS WITHOUT CENTRAL HEATING* | FUEL COSTS WITH CENTRAL HEATING* |
|-------------------------------------|---|
| Sitting-room fire 5. 6 | Sitting-room fire with back-boiler heating 11. 0 |
| 'Other room' fire 3. 0 | Radiator in 'other room' FREE |
| Background heating 3. 6 | Radiator in bedroom FREE |
| Heating in bedroom 1. 0 | Radiator (hall or landing) FREE |
| Hot water 11. 6 | Hot water in summer (free in winter) 5. 9 |
| (No towel rail) | Towel rail FREE |
| | INSTALLATION COSTS NCB Housewarming Plan weekly repayments (for 5 years only) 14. 5 |
| Total (per week) £1. 4. 6 | Total (per week) £1. 11. 2 |

After five years, only fuel costs to pay—16/9 per week.
*Weekly heating costs averaged over whole year, based on fuel costing 10/- to 12/- per cwt.
14/5 represents weekly payment over five years for a £160 installation (open fire central heating)—not the cheapest you can buy.

ISSUED JOINTLY BY THE
NATIONAL COAL BOARD AND THE COAL UTILISATION COUNCIL

HOW THE HOUSEWARMING PLAN HELPS YOU

When it comes to paying for your installation, there's a Plan to help you—the NCB Housewarming Plan. It covers everything... the appliances, radiators, pipes and labour costs. There's no deposit. Interest is low, and may be set against income tax. Up to five years to repay.

POST THIS COUPON NOW

We'll send you all the information you need. Or pop in and ask anywhere where you see these signs.

POST NOW! It could make all the difference to your home comfort

TO: NCB HOUSEWARMING PLAN
HOBART HOUSE, GROSVENOR PLACE
LONDON, SW1

Please send me your booklets about solid fuel heating, plus details of payment under the NCB Housewarming Plan (run in conjunction with Forward Trust Ltd.), plus names and addresses of local appliance distributors and heating engineers. I am interested in:

- ☐ ROOM HEATING ☐ HOT WATER
☐ COOKING ☐ OPEN FIRE CENTRAL HEATING
☐ FULL CENTRAL HEATING

5.40 We Submit...

This series of programmes examines some of the most recent Royal Commissions and Government Committee reports, and shows how they affect us all

No. 1: The Willink Report on Police

In the face of mounting alarm about relations between the police and the public, and a steep rise in crime figures, a Royal Commission on the police was set up in January 1960. Its report was highly controversial; none of its recommendations has so far become law

The Man with the Moon in Him

A Light-hearted Obituary

'Man is split in his wish for the
Moon. He wants it as distant as a
dream—yet wants to wake up on it'

Man has always been half in love
with the moon from the earliest
times when, as Isis, she was wor-
shipped as a goddess to the present
day when she (or he) has become a
target for man's rocketry. Now,
before man disillusion himself
forever by landing on the moon,
Tempo gives it a light-hearted
obituary in verse and song

For the smile that lasts a lifetime—Amm-i-dent

Only with sound white teeth can you and your children retain the sparkling smile that wins all hearts. How then to guard your charm against the germs that ceaselessly work to cause dental decay?

The answer is Amm-i-dent toothpaste, which combats the germs of tooth decay. Many clinical tests have shown that Amm-i-dent reduces dental caries considerably. Yet Amm-i-dent is smooth, harmless to the delicate tissues of the mouth and most agreeable in flavour. For the future of your family's teeth and your own take to Amm-i-dent to-day. You will probably find it in chemists only. Your dentist or your chemist will tell you how good it is.

**The enemy of tooth decay**

In 1/8d. and 2/7d. tubes.

Mahlzeit!

Have a good meal!

MIT
Carlheinz Hollmann
UND
Christian Güldenstoph

"Mahlzeit!" (es heisst eigentlich "gesegnete Mahlzeit") sagen viele Leute in Deutschland vor Beginn und am Ende einer Mahlzeit. Die meisten Deutschen essen vier Mahlzeiten am Tag: Frühstück, Mittagessen, Kaffee, und Abendessen (Abendbrot). Was essen die Deutschen? Darüber hören wir heute etwas von unseren Gast, denn heute kommt ein deutscher Koch zu uns in das Studio. Er kocht heute, vor unseren Augen, ein einfaches deutsches Gericht. Das Gericht heisst Labskaus, und das Rezept ist norddeutsch. Mahlzeit!

Experiment with Shape

This programme is an introduction to practical geometry and follows on naturally from last week's study of shapes. It examines, among others, the following basic geometrical concepts: the circle, with its phenomenon of complete uniformity; the meaning of the horizontal and the vertical; the triangle, with its inherent rigidity—essential to every framework construction

Better for HEADACHE

Remarkable success
of the PHENSIC
formula

Aspirin was a great discovery. Phensic is a better one. Here's why. The Phensic formula contains aspirin—but as well as aspirin it has two more fine ingredients. Phenacetin to help soothe headache's jangled nerves. And caffeine to help you lose the depression that a headache often brings. So the Phensic formula is better for headache.

A test card is shown continuously from 10 a.m. until 15 minutes before the start of the day's programmes to help viewers and dealers to adjust sets

run DOWN?

You know you're not ill, but somehow you don't have your old energy. Have you thought of Sanatogen? It may be just what you need: pure, life-giving protein. Specially powdered and concentrated, your body can absorb it immediately. Even after a few days you'll feel better. But to stay well all the time you should give yourself a course of Sanatogen. Take it regularly at least for a month and you will feel completely different. Buy a jar and take it faithfully three times a day.

9.50 Dangerous Medicine?

Today's powerful drugs have saved millions of lives. But recently one of them, Thalidomide, killed or crippled nearly 7,000 babies. How safe are the drugs we use? How thoroughly tested are they? Do we need stricter controls?

Tonight's programme seeks answers to these questions from doctors and from the drug industry

3.15 FOR SCHOOLS**Ici la France****No. 8****François Villon**

AVEC

Georges Brassens et Roger Blin

SPEAKER

Jean-Louis Bory

Mais où sont les neiges d'antan? Chacun connaît au moins le refrain de cette ballade de François Villon, la *Ballade des Dames du Temps jadis*. Georges Brassens, compositeur et chanteur bien connu, l'a mise en musique et il va nous la chanter aujourd'hui. L'auteur de la ballade naquit à Paris en 1432. Il fut étudiant à l'Université, mais sa vie fut peu édifiante. Il fréquenta les tavernes, devint voleur et même assassin. Et pourtant ce voleur, cet assassin, fut un grand poète lyrique

Is there a
blind
spot
in your
viewing?

Blind spots are normally natural phenomena. There are other kinds — those personal things which in a busy life tend to be overlooked or forgotten. T.V. viewing for example. How inconvenienced, especially financially, would you be if your set suddenly went wrong? If you've just bought a set, or are contemplating buying one, have you considered this possibility? But with Telesurance to help you it need not be an alarming thought. For a small premium all your T.V. repair bills are taken care of. Fill in the coupon now, and let Telesurance remove that T.V. blind spot for you.

No. 8: Adventures of Today

—Saving the Temples

INTRODUCED BY

Colin Renfrew

The Aswan High Dam, now under construction on the Nile, will provide Egypt with urgently-needed additional supplies of water for irrigation as well as electric power. It will create a great lake, 300 miles long, stretching through Nubia, and many ancient monuments will be submerged. Some are being taken down for re-erection elsewhere; a dam will be made around the temples at Philae; and there is a project for saving the great temples at Abu Simbel by one of the most daring engineering feats

11.55 Goodnight

Do you draw your curtains with a walking stick?

Is it always tug-jerk-strain with your curtains? Then hang them on Swish Nylonglyde curtain rail, made from a specially strong plastic exclusive to Swish. It's *siliconised* to be so silky-smooth that your curtains glide silently, like magic, at the touch of a finger. And you'll make them last years longer too.

Nylonglyde is *guaranteed* never to sag or jam, however heavy the curtains. Being plastic, it can't corrode. Fits any window. Bends to any angle. Self-locking, child's play to put up. And Nylonglyde comes complete, rail, gliders, brackets, screws, end-stops, the lot, at only 2/- a foot.

A Swish Cord Control Set in matching nylon means your curtains need *never* be touched by hand.

YOUR CURTAINS DESERVE NYLONGLYDE BY SWISH

Free sample See for yourself the superb craftsmanship and precision of Swish Nylonglyde and its working parts. Complete this coupon for free sample and post today.

do you have to
huddle round
the tele all winter
in your home?

OR HAVE YOU
FOUND OUT ABOUT
THE JOYS OF
OIL FIRED CENTRAL
HEATING?

PLENTY OF PEOPLE in this country only have one warm room in their home. Ten to one it's the room where the TV set is.

Not only that — they very likely haven't got plenty of domestic hot water either. Not the kind that means bath after bath, or double-quick washing-up between programmes.

Yet with oil fired central heating they could have both. Oil fired heating (just like Mrs. 1970 has) means warmth. As much as you want, where you want. And it means constant hot water. It's economical on running costs. And — thanks to the very special Mercantile Credit terms available only through Shell-Mex and B.P. Ltd. — it's easy to pay for.

How easy? Depending on the size of the loan payment can be spread over anything from one to ten years. So that central heating through Shell-Mex and B.P. Ltd can very easily cost you less than a pound a week. Probably you'll be paying weekly instalments up to 40% lower than any that have been offered ever before.

What about you? Why don't you find out for yourself all about oil fired central heating. You can get a completely free estimate. And — if you fill in and post off the coupon below — you'll not only get a free copy of "The Mrs. 1970 Book" ... you'll get the chance of talking to someone who really knows about central heating.

Fill this in and
post it off today

You'll never regret it!

To: Mrs. 1970, SHELL-MEX and B.P. LTD,
